

Setting up phone for ferry boat or boat ramp access

Go to App Store

1. Download eGeeTouch Commercial App (Black background with orange lock)
 2. Open the app
 3. Select "Sign Up"
 4. Enter your Name
 5. Enter Email Address
 6. Enter Company – enter your last name
 7. Create Password
- Submit
Login

Your information must be entered into the database. This generally will be completed within a day or so, depending on the volume of applicants.

During the data entry process, you will be granted access to the services you have chosen, either the ferry, fence and boat ramp or all three.

To determine whether you have access, just open the app and the name of the lock will appear on your phone screen.

Touch the screen on the lock you wish to open, push the small button the right side of the lock (a blue light will flash in the center of the face of the lock) and then push the red button on your phone to unlock the lock. If you successfully unlock the lock, you will hear a short beep and a green light will flash in the center of the lock.

Please remember to re-lock the lock for the next person.

Any questions or difficulties, please call Chuck Bauman at 989-274-6631.
